

t3ba'das Ph2 Addendum No.2

- During the pre-bid meeting, it was mentioned that the project would start around Memorial Day, and be completed by October 1st. The special provisions state that there are 45 working days, which doesn't match the special provisions. [Project anticipated started date May 18, 2026. Project will be amended to 75 working days](#)
- There is a section in the special provisions for seeding and fertilizing (Hydroseeding), but nothing on the bid schedule. Are we to include hydroseeding in another line item? [This item will be bid and constructed in schedule B](#)
- There is a special provision for the Type 3 Chain Link Fence, and it calls out for payment per linear foot, but there is no line item for chain link fence on the bid schedule. [This item will be bid and constructed in schedule B](#)
- There are no special provisions for any of the utilities. Are these all to follow WSDOT standards? [Yes](#)
- Addendum #1 included a Haul to Include Screening Bid Item. What is included in this item? [Screening organics and undesirable materials, and moving dirt from adjacent stock piles to the site as needed.](#)
- There are is no sewer manhole line item on the bid schedule. Are these to be paid under another line item? [The bid form has been corrected](#)
- There is no line item for the storm pond rock section or bio retention mix. Is this going to be included in another phase? [Yes this item will be bid and constructed in schedule B](#)
- Is there any testing required for the storm? [No](#)
- Can you provide the pre-bid sign in sheet? [Yes](#)
